SURF CLUB SEARCHES FOR TWO VITAL VOLUNTEERS

The Point Lonsdale Surf Life Saving Club, formed in 1947 provides aquatic education, training, safety and rescue services to the Point Lonsdale and Queenscliff Community. The Club encourages families to be actively involved, offers a wide range of Life Saving Aquatic Sports opportunities and social activities for it's members".

The Club is in desperate need of two volunteers to assist in key areas of the Club's operation.

Media Release

The first position is for an Honorary Secretary. Club President Michael Doery states, "We're on the look out for a volunteer to head up the Club's Administration area. This person will benefit from having a strong and successful foundation to build upon and will receive support from our Administration Officers, who assist with much of the day to day responsibilities. This position would ideally suit a semi retired person who would like to contribute to their community and meet a wide range of people, from various ages and backgrounds".

"We also need someone who ideally has some background in Education to oversee our Training and Assessment area. We have a small and committed team of surf life saving trainers and assessors, but require a person to oversee this essential area. If we cannot successfully train our members then we simply cannot continue to have patrolled beaches".

"Although it is beneficial that these two vital volunteers have some knowledge of Surf Life Saving, it is certainly not essential".

"Anyone who may be interested in these positions, or who would like more information, is asked to phone the Club's Office on 5258 1257, leaving your name and preferred contact number as soon as possible."
